Good Evening Gentlemen

I've surveyed the Los Angeles St. businesses and surprisingly most opted out of signage directing patrons to a back entrance. Below you'll find a list of businesses who **do want signage displayed**.

816 S. Los Angeles
766 S. Los Angeles
720 -718 S. Los Angeles
811 S. Los Angeles
831 S. Los Angeles
837 S. Los Angeles

Have a great night.

Hi Jasmine,

Yes. The survey will be a great help for us to setup the signage in the future. Thanks for your help!

Good Morning Lawrence

I stepped away from my desk yesterday afternoon. Thank you, for the update. You were

right not to set up the signage at the property owners instruction.

I will work on surveying the tenants during Market Week since construction will be at the Los Angeles/Olympic intersection. I hope to have a list for you sometime around mid-week, next week, does that work?

Thank you,

JASMINE RAMOS

Good afternoon Jasmine,

Thanks for the reminding email for the back entrance signage. our crew supervisor Joeseeph Gallegos spoke with the tenant at 840 S. Los Angeles St where our construction work for this week is located. He said the tenant doesn't want to utilize his/her store's back entrance as access for shoppers during the construction period. We are not sure if we should put the signage for this construction area since it will confuse shoppers if we do so.

In case this happens again in the future, could you help us to do a quick survey with tenants in fashion district to see which tenants are willing to use their back entrance and which are not? This will help us to get the idea which future construction area needs back entrance signage and which will not.

Thanks,

Lawrence Lin

Good Afternoon Los Angeles Streetscape Team

I just came back from grabbing lunch and noticed we are finally working in front of businesses with back entrances. Just a friendly reminder, if we could please use the signage, our office provided to redirect patrons. I'd like to eliminate the potential for

future complaints by the merchants. Please let me know if we need to recreate the signage.

Thank you,

Jasmine,

Our construction supervisor's, Joe Gallegos (cc'd here), cel # [213-216-4167](tel:213-216-4167).

Lawrence and I will be off Friday but Joe will be on-site and available via City cell phone to coordinate delivery.

Can you brief us on whether this signage is for the sections we are currently working on or future sections. If it is for future sections, it may be best to hold on to them until we are actively constructing in that area.

Please correct me if I have misunderstood the signage purpose.

Thanks.

Please see attached 2-week look ahead.

Rena, Nate,

Would it be possible to post this information for distribution to the community and/or the affected owners/tenants.

Thanks.
